

BUY A SELECT  **BOSS** PEDAL
GET A FREE PEDAL JUICE

Between April 1st and May 1st, 2016, purchase a TU-3, BB-1X, BD-2w, SD-1w or RC-1 BOSS pedal and receive a free Pedal Juice.

Sanyo Pedal Juice: Power On the Move

Equipped with eneloop rechargeable lithium-ion battery technology, the Sanyo Pedal Juice provides stable, long-lasting 9-volt power for analog and digital effects and other electronic music gear. Compact and rugged, the unit offers up to 50 hours of power at a time, and can be fully recharged in around 3.5 hours using the included AC adaptor. It's also extremely quiet, as its design eliminates noise and hum that can sometimes occur when pedals are powered with external AC supplies.

Terms and Conditions:

- Offer valid on a new, eligible Roland product purchased between April 1 and May 1, 2016 only.
- Offer valid on products purchased through an authorized Canadian Roland and BOSS dealer.
- Must be a Canadian resident.
